Care of the Complex ESRD Patient
From Dialysis to Transplant – What's New
December 10, 2011

CENTER FOR CONTINUING EDUCATION

Care of the Complex ESRD Patient From Dialysis to Transplant – What's New

December 10, 2011
Westin Canal Place New Orleans
New Orleans, LA

Presented by

- Tulane University School of Medicine
Department of Surgery
- Education Resource Center of Tulane
University Hospital
- The Center for Continuing Education of
Tulane University Health Sciences Center

Welcome: Tulane has a long history of successful continuing education programs and we believe that the “*Care of the Complex ESRD Patient from Dialysis to Transplant – What's New*” identifies and addresses an important topic of healthcare today. This course will offer new insights into a range of topics concerning assessment, prevention and treatment of various conditions affecting renal failure patients. This conference should address issues that internists, endocrinologists, nephrologists, radiologists, and surgeons along with nurses and allied health providers take care of in ESRD patients. I hope that you can join us on December 10, 2011 in New Orleans!

Anil Paramesh, MD
Activity Director

SATURDAY, December 10, 2011

7:25 am – 7:55 am	Registration, Continental Breakfast and Exhibits
7:55 am – 8:00 am	Welcome and Overview, <i>Dr. Paramesh</i>
8:00 am – 8:20 am	Changing Insurance Landscapes for Dialysis Patients, <i>Dr. Kleinpeter</i>
8:20 am – 8:40 am	Cancers in End Stage Renal Disease Patients, <i>Dr. Buell</i>
8:40 am- 9:00 am	Newer Techniques on Peritoneal Dialysis Surgery, <i>Dr. Paramesh</i>
9:00 am – 9:20 am	Newer Techniques in Interventional Management for Vascular Access, <i>Dr. Sanger</i>
9:20 am – 9:40 am	Transplanting Highly Sensitized Patients, <i>Dr. Lukitsch</i>
9:40 am – 9:50 am	Q and A with Expert Panel – <i>Dr. Buell, Dr. Kleinpeter, Dr. Lukitsch, Dr. Paramesh and Dr. Sanger</i>
9:50 am – 10:20 am	Break, Exhibits
10:20 am – 10:40 am	Paired Kidney Exchange Donation, <i>Dr. Slakey</i>
10:40 am – 11:00 am	Kidney Transplants and Obesity, <i>Dr. Killackey</i>
11:00 am – 11:20 am	Pancreas Transplants for Type II Diabetes, <i>Dr. Zhang</i>
11:20 am – 11:40 am	Kidney Transplants in HIV Populations, <i>Dr. Saggi</i>
11:40 am – 11:50 am	Q and A with Expert Panel – <i>Dr. Killackey, Dr. Saggi, Dr. Slakey and Dr. Zhang</i>
11:50 am – 12:15 pm	Complex Case Presentations Incorporating Team Management, Moderator: <i>Dr. Paramesh</i> ; Discussants: <i>Ronald Stein, NP and Heidi Saldana, RN</i>

Every effort has been made to present the program schedule as accurately as possible from information available at brochure printing time. We reserve the right to make changes to the program; notice of changes will be announced at the meeting.

Competencies

This activity addresses components of the six competencies identified by American Board of Medical Specialties (Medical Knowledge, Patient Care, Interpersonal and Communication Skills, Professionalism, Practice-Based Learning and Improvement, Systems-Based Practice), as well as the competencies identified by the Institute of Medicine (Provide patient-centered care, Work in interdisciplinary teams, Employ evidence-based practice, Apply quality improvement and Utilize informatics).

ACTIVITY DIRECTOR

Anil Paramesh, MD, FACS

Assistant Professor of Surgery and Urology
Tulane University School of Medicine
Assistant Professor of Surgery
Louisiana State University Health Sciences Center

PLANNING COMMITTEE

Anil Paramesh, MD, FACS

Leah Grau, RN, MSN

Rita Preiksaitis, RN, BSN

Ronald Stein, NP

Douglas Slakey, MD, MPH

FACULTY

Joseph F. Buell, MD, FACS

Professor of Surgery and Pediatrics
Director, Tulane Abdominal Transplant Institute
Tulane University, School of Medicine
Clinical Professor of Surgery
Louisiana State University, Health Sciences Center

Myra Kleinpeter, MD, MPH

Associate Professor of Clinical Medicine
Tulane University School of Medicine

Mary Killackey, MD

Assistant Professor of Surgery & Pediatrics
Tulane University School of Medicine

Ivo Lukitsch, MD

Assistant Professor, Nephrology
Tulane University School of Medicine

Bob H. Saggi, MD

Associate Professor, Clinical Surgery
Associate Surgical Director of Liver Transplantation
Tulane University School of Medicine

Heidi Saldana, RN

PD Registered Nurse / Home Operations Group Administrator
DaVita, Inc.

Matthew Sanger, MD

Medical Director
Vascular Access Centers of New Orleans

Douglas P. Slakey, MD, MPH, FACS

Robert and Viola Lohrman Chair of Surgery
Chairman, Department of Surgery
Tulane University School of Medicine

Ronald Alan Stein, JD, APRN, NP-C

Instructor of Clinical Surgery
Nurse Practitioner
Tulane University School of Medicine

Rubin Zhang, MD, FASN

Professor of Nephrology
Tulane University School of Medicine

General Program Information

Overview

ESRD patients are living longer in a constantly changing environment for delivery of health care. Decisions on when to refer for transplant, along with the extended wait periods due to infection, cancer and incompatible living donors, complicate the treatment plans. It is important for healthcare professionals to collaborate on care to plan and implement strategies leading to effective patient outcomes.

This conference will track appropriate, evidence-based practice across the progression of the disease and rely heavily on a case-based approach. Multidisciplinary and interdisciplinary in nature, the best practices examined will reflect the importance of team involvement and collaboration.

Statement of Need

Both the incidence and prevalence of end-stage renal disease have increased during the past 30 years and are expected to continue increasing as the population ages. At the same time, the gap between the growing transplant needs versus the number of transplants which are actually performed is widening, with more patients living longer in the pre-transplant stage with consequent complications and more complex cases. These patients require appropriate management with better dialysis access and evaluation for malignancies and other medical challenges.

Goal

The goal of this activity is to improve patient care by increasing learner competence in designing strategies to incorporate the new guidelines and evidence-based practice into the multidisciplinary treatment of end stage renal disease within the changing healthcare environment.

Target Audience

This course is designed for physicians, in training and in practice, nurses, and allied health professionals in the fields of Nephrology, Surgery, Internal Medicine, and Family Medicine.

Learner Objectives

At the conclusion of this activity, participants should be better able to

- Discuss the evidence based guidelines in the treatment of End Stage Renal Disease patients with colleagues and patients.
- Critically evaluate emerging research and changes in the federal guidelines as pertinent to patients.
- Identify team roles for the effective management of End Stage Renal Disease, HIV, dialysis access, and high sensitization or incompatible donors.

Predicted Outcomes

Predicted changes in practice as a result of this activity include:

- Conduct a review to determine adherence to current evidence based guidelines.
- Develop and build on strategies to incorporate evidence base guidelines.
- Work in interdisciplinary teams so that care is continuous and reliable
- Determine which treatments and advances will be beneficial in the treatment of the patients
- Develop/improve a checklist to determine which patients are candidates for organ transplantation.
- Build/improve a collaborative treatment plan among multi-specialty and inter-professional staff for patients

Accreditation

Tulane University Health Sciences Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation

Tulane University Health Sciences Center designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Tulane University Health Sciences Center presents this activity for education purposes only and does not endorse any product, content of presentation or exhibit. Participants are expected to utilize their own expertise and judgment while engaged in the practice of medicine. The

content of the presentation is provided solely by the presenters who have been selected because of their recognized expertise.

Nursing Credit

This activity for 3.75 contact hours is provided by the Education Resource Center of Tulane University Hospital, New Orleans, LA. The Education Resource Center is approved by the LSBN C.E. Provider #5.

Disclosure

This activity has been planned and implemented in accordance with the ACCME's Essential Areas and Policies to ensure balance, independence, objectivity, and scientific rigor. All individuals responsible for content, regardless of role(s), are required to document financial relationships or the absence of relationships with commercial interests, and all potential conflicts of interest must be resolved prior to the activity. Disclosure of off-label, experimental or investigational use of drugs or devices must also be made known to the audience.

Meeting Location

The Conference will be held at the Westin New Orleans Canal Place at 100 Rue Iberville, New Orleans, LA 70130. Their phone number is 504-566-7006.

Registration (Register ONLINE at <http://tulane.edu/cce>)

Pre-Registration ends Wednesday, December 7, 2011

	Pre-Registration Until 12/7	On Site 12/10
Physicians	\$ 75	\$ 100
Nurses and Allied Health	\$ 40	\$ 65
Residents/Fellows**	\$ 40	\$ 65

** A letter from the registrant's department is needed to verify resident/fellow status.

Refund Policy

\$15 of the registration fee will be retained to cover administrative expenses. If a refund is required, it will be issued in the form of a check. In order to remit the balance, we must receive written notice of cancellation postmarked two weeks before the course begins. There will be no refund of registration fee after that date.

Tulane University Health Sciences Center reserves the right to cancel this activity if there are insufficient registrants. Full refunds would be made in that event. However, Tulane University Health Sciences Center is not responsible for any related costs or expenses including cancellation/change charges assessed by airlines.

If you have not received your confirmation by December 6, 2011 please call (504) 988-5466 to confirm your registration.

Confirmation will be sent by email from cme@tulane.edu.
If no email is available, please include your fax number.
